Friday, September 24, 1920,
At 8 o'clock P. M.

Addresses by the Honorable Newton D. Baker, Secretary of War, Honorable R. Walton Moore, of Fairfax County, Representative in the Congress of the United States, and others.

The general public is cordially invited, particularly the ladies, for whom seats will be reserved.

Music In Attendance

TICKETS OUT FOR PLAY

The reserve seat tickets for the boat club play, "Oh, Oh, Cindy" will go on sale at Warfield's drug store this evening, instead of at the opera house the day before the opening performance, as advertised on the tickets The original plan of having the opera house box office open for a day before the show has been abandoned, as the accustomed way of reserving tickets at Warfield's drug store, is far more feasible.

Rehearsal for the chorus group will be called promptly at 7 o'clock tonight at the opera house, and at 7.30 for the principals and aviation chorus.

Three of the best comedy characters in the show will be taken by Miss Abbie Hoxton, Mr. Jack Dinwiddie and Mr. Everett James, Miss Hilda Schneider has a prominent part, also. Miss Schneider will be well remembered by all who saw "Katcha-Koo", as the Irish wife of the Maharajah.

The large chorus groups of children are rehearsing each afternoon, under the direction of Miss Louise Close.

DIRECTOR SEES BARGAIN OPERA

Chicago, Sept. 23.—Grand opera is to be a "bargain" this season, Herbert Johnson, director of the Chicago Grand Opera Company, reported on his return from Europe Wednesday.

"Opera has become a bargain," he said. "The price of admission for the coming season will not be much more than the admission to other theatres. Advance sales in New York and Chicago indicate that America is becoming educated beyond musical comedy."

Hockman Awaits Trial

Man Who Is Alleged to Have Slain Dick Southerland, Near Quantico Taken to Manassas

Lynchburg, Va., Sept. 23.—George Hockman, slayer of Dick Sutherland near Quantico last week, has been taken to Manassas for incarceration pending trial.

Hockman frankly talked about his crime here after his arrest in Amherst County by J. F. Hudson, a special officer of the Southern Railway system. He said the two men were drinking new liquor together in their houseboat on Quantico Creek. They had lived together for several years, he said, and had made a living fishing and moonshining. The still located in the houseboat, Hockman claims, was the property of Sutherland, but he admitted that he generally sold its output.

During the evening of the killing they were drinking new liquor as it flowed from the still and Hockman wanted Sutherland to sell some of it to provide funds for a trip to Charlotte, N. C., They began a tussle on a sand bar and finally Hockman rowed Sutherland across the water in a skiff and told him to go sell liquor. Hockman could not get Sutherland to go and he took his gun and began shooting over his head. One shot struck Sutherland in the head and the other in the abdomen, although he claimed he was trying to shoot over his head. Hockman said he was horror stricken and he took the body to the water threw it in and fled. When he was arrested he had not eaten for two days.

READY FOR RALLY TOMORROW NIGHT

Secretary of War Baker and Representative R. Walton Moore To Speak

BIG CROWD EXPECTED

Democrats to Organize Cox-Roosevelt and Moore Club Following Meeting—Plans Complete

Final arrangements for the monster democratic mass meeting at 8 o'clock tomorrow night in the opera house, which will be addressed by Secretary of War Newton D. Baker and Representative R. Walton Moore, candidate for Congress from the eighth Congressional district, to succeed himself, were completed last night at an enthusiastic meeting of the different committees named by the city democratic committee to arrange for the affair. Attending the meeting were seven women.

Charles Bendheim, chairman of the city committee, who presided, announced that former Congressman Charles C. Carlin had accepted an invitation to preside at the mass meeting. Music will be furnished by the Citizens' Band. It is expected that there will be a large turnout of citizens, both men and women, to hear the speakers. Chairman Bendheim announced that the democrats propose to conduct a vigorous campaign from now until election day, and they especially desire the ladies to take part and urged their full co-operation. It was decided to make an effort to have all of the democratic women of the city qualify to register at once, as October 2 will be the last day for payment of poll taxes and registration.

C. C. Carlin suggested the organization of a Cox, Roosevelt and Moore Club immediately following the addresses, and that the club be composed of a president, two vice presidents from each ward, male and female; a secretary-treasurer and an executive committee of eight, two from each ward a man and woman, and his suggestion was adopted.

Commissioner of Revenue Charles H. Callahan stated that there are 3,800 white women in the city eligible to register and only 325 have thus far availed themselves of the opportunity. He suggested that steps be taken immediately to have them pay their capitation taxes and register.

Miss MacDonald told of the work being accomplished in the different wards in order to get the women to register.

In the opinion of Miss Helen Cummings the most effective way would be by personal contact, and she suggested a canvass of each block in the city for this purpoee.

Gardner L. Boothe, chairman of the finance committee, said he was prepared to receive subscriptions to the democratic fund, and expressed hope that all who desired would send them in at once without waiting for the committee to call on them.

The following women present were appointed a committee to endeavor to get the democratic women of the city to register: Mrs. Charles Bendheim, Miss Helen N. Cummings, Miss Rose M. MacDonald, Mrs. Frances P. Monroe, Miss Mary A. Monroe, Miss Corrine T. Reardon and Mrs. Charles M. Shepperson. They will have the assistance of Gardner L. Boothe and Capt. W. H. Sweeney in their work.

One-half of America laughed over Ellis Parker Butler's book—"Pigs Is Pigs." Two-thirds will enjoy his charming photoplay—"The Jack-Knife Man." at the Richmond tomorrow and Saturday. 228-1c

DROP IN PRICES IN SIX MONTHS

Predictions Made by New York Financiers Following Cut by Ford

REASONS FOR BELIEF

Chicago Merchants Also See Decline in Cost Near at Hand. Expect Lower Money Rates

New York, Sept. 23.—Leading bankers in Wall street predicted today that the cost of living will make a sharp drop in the next six months and that a return to normal conditions in the money market, following the enormous liquidation of commodities, is in sight. They base their prediction on the condition of the wool en market, the impending release from the cotton warehouses of the South of enormous quantities of cotton and the expected reduction in prices of structural and other steel.

They say that the announcement from Detroit that Henry Ford had reduced the price of his cars an average of $140 is merely an evidence that Mr. Ford has assurances that the cost of material is coming down. The fact that he can make such a big reduction is held to mean that there must be a reduction in wages or in steel. Mr. Ford has given assurance that there will be no deduction in wages, the brokers say. Mr. Ford has found, moreover, that the demand for certain classes of car is being reduced because of the high prices demanded by the manufacturer.

Woolen conditions are very much the same. The American Woolen Company has found that the only way it can make low-priced goods is by running full force. Price cutting, therefore, has become the rule. Some of the independents have cut the price of woolen goods $3 a yard. This means that the wool in the average suit of men's clothes has come down $10.50 recently, although the tailors have

THE FEAST OF TABERNACLES

During a period of eight days, beginning on the eve of the twenty-sixth day of September and ending on October the fifth, the Jews will celebrate the Feast of Tabernacles.

Once a year Israel revives its love of the soil, and makes public avowal of the fact that even an industrial civilization, such as ours, depends primarily upon the elements of nature. This restatement of love for and confidence in Mother Earth is indeed a fact of Jewish religiousness. We know and we reassure ourselves that God is at the center of life through all the seasons and that the prosperity and the satisfaction we seek come or do not come according to His law.

Judaism is a religion in the very midst of the passions, aspirations and complications of life. Nowhere are these more insistent than in the economic interests of men. Here religion has a duty as well as an opportunity. Judaism endeavors not merely to fortify men in their difficulties as to their daily bread, but also to keep them moral, large-hearted and just.

The Sukkoth Fetival is meant not as a season of self-congratulation on having garnered in the product of the farm or the gains of business, but as time for thought on the larger-scoped social interests of men in the national and international life. The Jews are the first to have recognized political economy as the field where religion and morality must operate for the good of men.

COX TRAIN WRECKED BY SPREADING RAILS

Delay In Holding Conference Cause of Escape of Gov. Cox

FOUR CARS DITCHED

Governor Was in Private Dining Room When Crash Occurred—Engineer Sustains Broken Leg.

Phoenix, Ariz., Sept. 23.—Governor Cox's Presidential campaign train was wrecked about 4.30 o'clock today, fourteen miles north of here, while en route to Prescott, Arizona.

The Democratic Presidential candidate and his party were severely shaken when an engine and four cars of the special train were ditched, but all escaped serious injury. The most seriously injured was Charles A. Nichols engineer, of Prescott, who had a leg broken in jumping from his cab when his engine toppled over.

Spreading rails were assigned by railroad men as the cause of the wreck, which compelled the Governor and his party to return here last night and cancel his evening address at Prescott. His future itinerary also was upset.

The accident occurred a half mile out of Peoria, a village on the Santa Fe Railroad. After delivering several speeches here the train, consisting of six cars and drawn by two heavy engines, needed for the upgrade to Prescott, left here at 4 o'clock. About a half hour later, while running at a speed estimated at between 35 and 40 miles an hour, the train jarred suddenly, as if in collision, and then application of the emergency brakes, bumping over broken rails and ties, and the careening of cars, told passengers the story.

The four forward cars were ditched the Governor's private car at the rear and the adjoining compartment car of newspaper men, except for its forward truck, remaining on the rails.

A baggage coach jumped the track about fifteen feet and turned over on its side. Two passenger coaches and another compartment car behind also slipped ten feet from the track and partly toppled over.

The first engine of the double-header, Engineer F. C. Sutton, of Prescott, said, left the rails first and then bumped on again, but the second engine toppled over amid a cloud of escaping steam. The tender of the forward engine also fell over, while the first passenger coach ran the length of the overturned baggage car and jammed its forward end into the tracks.

All of the passengers on all cars were thrown topsy-turvy, some suffering bruises and cuts from flying glass.

In the rush for escape several women passengers in the coaches were cut through broken windows.

Governor Cox was in the dining room of his private car, going over papers with Dr. Robert C. Goldsmith his assistant, on the League of Nations question, when the crash occurred.

"What's that?" he shouted, rising to his feet, only to be thrown heavily across the car against its wall. He was shaken up, but rushed out to assist the injured, and this accomplished, coolly smoked a pipe while waiting for a wrecking train to arrive and take him back to Phoenix.

Of the passengers, including several of the local Reception Committee of Prescott and Phoenix, Judge E. E. Belling, of the Mojave County Court, suffered a bruised leg. Several others had cuts and bruises and torn clothing. Personal effects of all members of the train were scattered and broken.

Charles Nichols, the engineer, was taken to Phoenix in a passing automobile, and first aid was given to several others. Philip Ation, Prescott, Brakeman, who was alone in the bag-

DEMOCRATIC APPEAL FOR FUNDS

The Democratic National Committee wants help, wants it in an open, above board, public way. The Cox-Roosevelt managers are in great need of funds— not millions as are available to their opponents—but modest thousands with which to offset the effect of the immense funds being used to confuse and misrepresent the true issues of the present national campaign.

They propose to get needed funds directly from the body of Cox-Roosevelt supporters. This is in harmony with the financial policies of previous Democratic campaigns. In 1912 nearly 100,000 persons subscribed to the fund used in carrying the Wilson message to the people. In 1916, even a larger aggregate number of individuals rendered financial help. Though the time for making appeal is short the Cox-Roosevelt managers believe even a larger number want to contribute this year.

They have no hope or desire of matching millions with the Republicans; in fact, they don't believe that such is necessary even if it were tolerable. But some funds are needed with which to do legitimate work—the maintaining of headquarters, the writing of letters, the sending forth of information which the voters should have, etc.

Ample funds would readily come to the Democratic managers were they to ignore all questions of source and purpose represented by large donations from selfish interests.

Instead they are leaving the matter to the people, to those who give modestly, perhaps, but yet out of no motive but unselfish desire to promote the principles represented by James M. Cox and Franklin D. Roosevelt.

They believe the masses of Cox-Roosevelt supporters will thus come to the aid of the campaign, and have requested this newspaper to receive and transmit contributions from its readers.

Contributions are needed badly and are needed now.

Send yours at once to Gardner L. Boothe, chairman of the local finance committee and it will be forwarded promptly to national headquarters at Grand Central Palace, New York City.

SPORTS

The Virginia Athletic Club will get an early start for the football season by the opening game Sunday, September 26, at 3 p. m. on the shipyard field, with the Triangle Athletic Club, a fast 150 pound team from Washington, who no doubt will prove worthy opponents.

The Virginia's are a fast, game, husky bunch of boys who are going to make a strong bid for the one hundred andfifty pound championship of this section. They have Schafer, Alexander, Duncan, Sampson, Peyton and others who form one of the best teams in this section at their weight.

They are under the direction of Lee Nalls, who can be depended upon to get good results with the proper amount of teamwork. These boys deserve your patronage and hope for a large turn-out Sunday, to encourage them to victory. No admission will be charged, but the hat will be passed and they will appreciate any offering, which will help to defray the necessary expenses, and to finance the team during the coming season.

not yet begun to give their customers the benefit of this reduction. Labor, however, has continued at the highest level in recent years, and there is no sign of any immediate reduction, although the refusal of the general public to buy clothes at present prices is beginning to cause some unemployment.

Expect Lower Money Rates

Bankers are predicting that there will be a heavy relaxation of credit throughout the country as the result of these developments and that money rates will reach a condition of comparative ease this winter. This is given as the explanation of the heavy buying of Liberty bonds yesterday in the New York stock market and the advance in quotations. The market for the bonds is automatically regulated to a great extent, at least, by the relative quotations for loans. The high discount rates fixed by the Federal Reserve banks after war were largely responsible for heavy decline in Liberty and Victory issues. When discount rates are reduced bonds will undoubtedly rise toward their former level.

FORD CENSURES WAR GREED IN SMASHING PRICES

"Now Is the Time to Call Halt," Auto Maker Claims

Detroit, Mich., September 21—Re-establishment of pre-war prices on all products of the Ford Motor Company, effective immediately, was announced today by Henry Ford. The price reductions range from approximately 14 per cent on motor trucks to 31 per cent on small automobiles.

In announcing the decision of the company, Mr. Ford, in a formal statement said:

"Now is a time to call a halt on war methods, war prices, war profiteering and war greed. It may be necessary for everybody to stand a little sacrifice, but it will be most profitable after all, because the sooner we get business of the country back to a pre-war condition progress, prosperity and contentment will occupy the attention of the people.

"For the best interests of all, it is time that a real practical effort was made to bring the business of the country and the life of the country down to normal. Inflated prices always retard progress."

The announcement said the price reductions were made despite unfilled orders for 146,065 vehicles.

There will be no reduction in wages at any of the Ford plants, it was announced.

When you buy a 12 ounce can of Council Meat you actually give your family 12 ounces of the finest of well cooked meat.

For breakfast try Council Dried Beef creamed, or Council Vienna Style Sausage, or country sausage meat. For dinner—Council Roast Beef, or roast mutton, or hamburger steak and onions.

For lunch or supper—corned beef hash or deviled ham or baked beans—in fact, the Council line is so varied that you can have something for every meal in the week, and save work and money.

COX TRAIN WRECKED BY SPREADING RAILS

(Continued from page one)

gage car when it turned over suffered scalp lacerations. The fireman on the second engine was unable to jump and crawled from the wreckage without a scratch.

That Governor Cox escaped injury was due, it was said, to delay in a conference with the Prescott Reception Committee. J. J. Sinnot, representing the Democratic National Committee on the campaign trip, and Chairman Norris, of the Prescott Committee, were en route to the private car to get the Governor to go forward to the first coach, where the Reception Committee was riding, when the crash came. Most of those bruised or cut were in the forward coach.

The railroad track was torn up for a distance of from 300 to 400 feet with bent rails, broken ties and glass scattered about, even in an adjacent cotton field. Railroad officials were unanimous in declaring that a spreading rail under the two heavy locomotives and unusually heavy steel equipment caused the wreck. The line is not a main artery, but a branch of the Santa Fe system, and the rails, it was said, were not of the heaviest type.

A rumor was current among the farm people and others who gathered soon after the wreck that a man had been seen running along the road seside the tracks just before the train left the track, but the rumor lacked confirmation, and was not credited by Governor Cox, members of his party or railroad operatives.

CORNERSTONE LAID

Washington, D. C., Sept. 23.—Cardinal Gibbons was the central figure in the brilliant gathering at the Catholic University this afternoon at the laying of the cornerstone of the National Catholic Shrine of the Immaculate Conception. The Cardinal laid the stone at 3 o'clock in the presence of the American hierarchy, which includes Cardinal O'Connell and more than seventy-five bishops and archbishops.

In addition to more than 40,000 Catholic clergy and laity assembled from all over the country to witness the ceremony, were representatives from other Catholic shrines, from foreign embassies and legations, civil, military and naval officials and delegates from Catholic organizations.

Cardinal Gibbons laid the cornerstone following remarks by the Rt. Rev. Thomas J. Shahan, rector of Catholic University, who presented the distinguished churchman.

The Rt. Rev. John T. McNicholas, O. P., D. D., Bishop of Duluth, addressed the gathering following the laying of the stone.

1,250,000 TONS OF COAL ADDED

With the temporary suspension by the Interstate Commerce Commission of the New England priority order, which called for shipments of 1,250,000 tons of soft coal a month to tidewater for transhipment to New England ports, the entire soft coal situation is appreciably improved. It is now possible for a substantial quantity of coal to be diverted to other points in the East and Middle West.

Although the suspension order is only temporary, every evidence indicates that the New England demands for the remainder of the year will be met without further preferential shipments. The estimated requirements of that section for 1920 are 22,000,000 tons of soft coal. From January 1 up to September 1, 15,480,000 tons had been shipped. It is expected that the remaining 6,520,000 will be shipped into New England before the middle of December. The railroads have signified their ability to handle this tonnage.

SINN FEINER SHOT DEAD IN HOTEL

Dublin, Sept. 23.—County councilor Lynch, a prominent Limerick Sinn Feiner, was shot dead this morning in his hotel apartment in the center of Dublin. His assailants are alleged to have been "black and tan" police.

The murder took place at 3 o'clock this morning, according to the Press Association's account, when uniformed men entered the hostelry, the Royal Exchange Hotel, and going straight to the room of their intended victim, shot him dead.

The various versions of the affair leave it surrounded with considerable mystery. It appears, however, that at 3 o'clock, after violent knocking on the door of the hotel, the porter admitted a dozen men who said they belonged to the military. They searched the register, discovered the name they wanted and rushed upstairs, leaving some to guard the porter with revolvers.

After five minutes had elapsed all the men left. Fifteen minutes later the police arrived, stating they had been instructed by the military to take charge of the body in room No. 6, which proved to be that of John Lynch, of Kilmallock, a member of the Limerick county council and alleged to be a judge of a Sinn Fein court.

TUMMYACHES HALT 2-DAY HUNGER STRIKE

Montreal, Sept. 23.—A two-day hunger strike by nine stokers of the Norwegian freighter G S. Gilbert, anchord here, was lost today, when the strikers yielded to aching stomachs.

Capt. Ericsson had refused to give the men all the pay due them, because he said he feared they intended to desert. Instead, he offered them $10 each, which they refused.

The men said that without pay they would not work. The captain told them that without work they would not eat. The captain won.

WIFE NEED NOT KISS HUSBAND'S DIRTY FACE

Chicago, Sept. 23.—"I'll tell you how it was, Judge," began Charles Wallace, a target setter at Camp Logan, arraigned in the Court of Domestic Relations today, charged with not supporting his wife and two children.

"It was this way: I left my wife and joined the army because she wouldn't kiss me. he didn't have any affection in her at all."

"Have you an excuse to offer for not kissing your husband?" queried Judge Samuel H. Trude of Mrs. Anna Wallace.

"Sure, I wouldn't kiss him when he came in from work with his face all dirty," his wife replied. I'd kiss him if he washed his face and hands."

"Perfectly reasonable," ruled the Judge. "That's no excuse for leaving your wife, Charles."

An order was entered providing that Wallace should send his wife $60 a month for her support.

Don't forget to attend the democratic rally in the opera house tomorrow night and hear Secretary of War Newton D. Baker and Representative R. Walton Moore speak. The public is invited.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenrhu, the sure conquerer of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed all druggists to guarantee it in every instance.

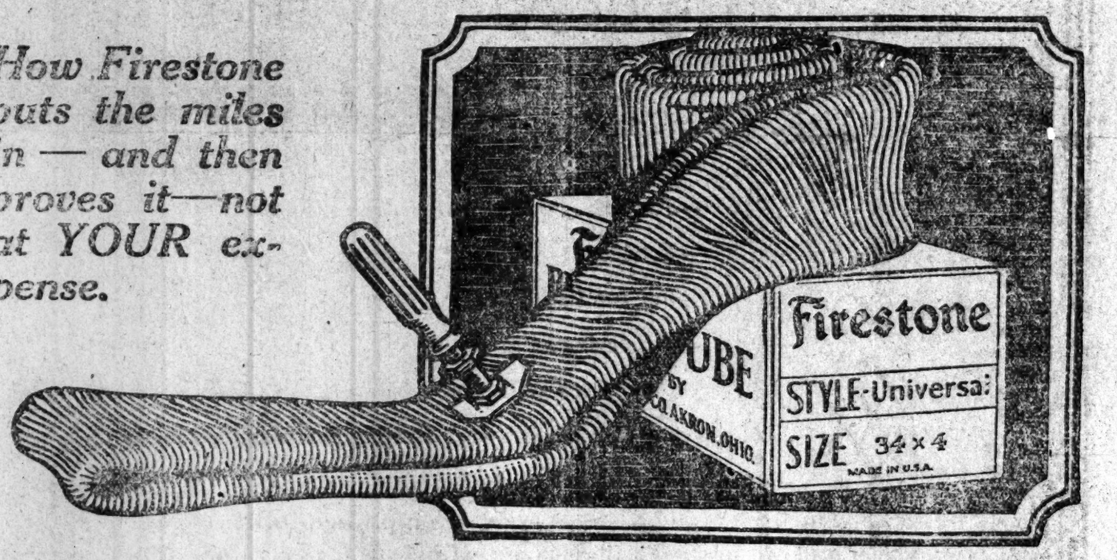
A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.



No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly—improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

MOVIES

Richmond—Wallace Reid in "The Dancin' Fool."

Do you like lively, jazzical comedies? With a star like Wallace Reid in the leading role?

See "The Dancin' Fool." at the Richmond tonight. Of course Wallie isn't exactly that, but it's what his old-fashioned uncle calls him when he comes across his hayseed nephew creating a sensation as dance king of Broadway's swellest cabaret.

But you'd better see the picture to discover what happens. If you read "The Dancin' Fool" when it ran in the Saturday Evening Post, you already know. And it'll make you all the more anxious to see the screen version. It's a Paramount Arteraft.

Ingomar—Hale Hamilton

At the Ingomar Theatre today Hale Hamilton will be featured in 'After His Own Heart." As an extra attraction Al St. Johns will be seen in "The Window Trimmer."

WOULD SELL EAR FOR $10,000 SO HE CAN GET AN EDUCATION

Buffalo, N. Y., Sept. 22.—To the ages' old proverb, "An eye for an eye and a tooth for a tooth," a Buffalo man would add: "And an ear for $10,000 and an education."

The man is Jean D. Brauer, of 19 Wyandotte avenue. In a letter to Frank S. Quesada, son of a wealthy Cuban jobber, who announced in New York city that he would trade $10,000 of his money for a left aural organ to gain the favor of his lady love, Brauer writes:

"Kindly consider me an applicant willing to surrender my left ear, which will make possible for me to acquire an education, which I lost before marriage. The education I am seeking will be of more substance which will aid me in upholding mankind."

Mr. Brauer said he was willing to help the Cuban into matrimony, provided the money was forthcoming, even to the extent of sacrificing a firstclass upstanding ear, even if it does not boast quite the tropical tan which Quesada's right ear now possesses.

DIES OF THIRST IN DEATH VALLEY; WATER HALF A MILE AWAY

Los Angeles, Sept. 22.—Patrick H. Porsney died of thirst in Death valley, though water was only half a mile from the spot where his body was found, according to word brought here today.

It was said Porsney went for a walk last Thursday and apparently lost his way. His body was found Sunday.

DEAD DOCTOR PRESCRIBED

Four Arrested for Using His Name to Get Whisky

Chicago, Sept. 22.—Four men were arrested today in connection with the discovery that prescriptions calling for whisky were being distributed bearing the signature of a physician whose obituary notice was published years ago. John McNulty and Frank E. Lunch, amateur printers will be given an opportunity to explain their share in the proceedings. John Adams and Robert Kelzey, of the Great Northern Hotel drug store, who filled the prescriptions are also under arrest and will be requested to provide a list of the prescriptions and names of the buyers who consulted the doctor so long dead.

WATKINS OFFERS TO QUIT CONTEST FOR PRESIDENCY

Washington, Sept. 22.—Senator Harding and Gov. Cox were promised today by Aaron S. Watkins, the Prohibition party's presidential nominee, that he would withdraw from the race if either of them pledged his support to the dry program.

Mr. Watkins' announcement was made in an address before the International Congress Against Alcoholism. He said later he would embody his proposal in telegrams to Candidates Harding and Cox.

"I ask only two things of the other candidates," Mr. Watkins told the congress.

FLAMES DRINK UP 7,000 BARRELS OF REAL LIQUOR

Lawrenceville, Ky., Sept. 22.—Seven thousand (count 'em) barrels of whisky, real Kentucky rye, went up in flames today. The whisky, which is valued at $4,000,000, was destroyed when fire wiped out the Cedarbrook warehouse, near here. The origin of the fire is unknown. All efforts to get it under control were unavailing.

Albany, N. Y., Sept. 22.—Jail for not less than six months nor more than two years will be the penalty for landlords who refuse to rent apartments to people having children under terms of a bill introduced in the assembly today by Assemblyman O. J. Smith of New York.

The bill would not grant an alternative of a fine.
